INTERIO

LAMINATES FOR THE INSIDE

Attractive Lining and Face Surfacing Solutions

About Us

We at Archidlam are a modern Laminate manufacturing company and have come up with a new range of Liner Laminates for your modern interior space that involves a combination of design principles, aesthetics, and personal preferences. You can achieve a modern and beautiful interior by applying this latest trend of designs.

Our range has simple and sleek designs with clean, straight lines and a minimalist approach. A neutral colour palette with whites, grays and earthy tones can create sophistication and modern touch to your interior.

These design styles promote a sense of spaciousness and flow within the interiors of your furniture like the inside of cupboards, cabinets, racks and shelves. These not only enhance the aesthetics but also contribute to a positive ambiance.

Archidlam Interio Laminates make the inside of your wardrobes easy to clean and maintain.

Archidlam Interio Laminates for the inside

Archidlam Interio Laminates sheets are used in the inner or backside of furniture, a better option than paint. The amount of these sheets usage is more than decorative laminates and these sheets are also thinner than decorative laminates, thus they cost less.

Archidlam Interio Laminates are exclusively designed for use in shelves, wardrobes, and cabinets. Archidlam Interio Laminates provide neat, clean, and perfect interiors to your furniture but also eliminates the need for painting, polishing, finishing, and constant maintenance.

Archidlam Interio Laminates are used as an overlay on wooden furniture's which gives a more fine and attractive look. Archidlam interior Laminates offers the most exclusive range of laminate sheets that are of

international quality. It can be used as wardrobe laminates and kitchen laminates.

Advantages of Archidlam Interio Laminates

1. It provides the highest levels of dimensional stability.
2. It offers contemporary style and value for your investments.
3. The laminate sheets bond well with all kinds of substrates because of their superior and uniform sanding techniques.
4. It is highly useful for providing attractive lining and face surfacing for unexposed areas.
